Do you know a geographer who wants to work on it?

Thanks Glenn. Looks like an important regional project. Some good geography to be done there. Good luck with it.

Subject: Bristol Bay Assessment - Status and Update

Team:

A quick update on the Bristol Bay Assessment is in order - and overdue.

Travel. The planned workshop with the intergovernmental task force the week of June 23 has been postponed. Please put on hold travel plans for the time being. I suspect we are now talking about the week of July 11.

Outline: A revised Bristol Bay Assessment Outline has been developed in response to comments received from Region 10. (See attached)

[attachment "Assessment Overview_6-8-11.docx" deleted by Michael Troyer/CI/USEPA/US]

Conceptual Diagram: Kate Schofield is completing the latest version of the conceptual diagram for the Bristol Bay Assessment. Ex. 5 - Deliberative When we send this out later today, please take a careful look and get comments back to Kate by the end of the week.

Executive Briefing: The Bristol Bay Assessment Team (Region 10, OW, and ORD) has been asked give an executive briefing to the Administrator's office the and OW-AA. Glenn Suter, Sheila Eckman, and I are developing a first draft of that briefing. We will share with the group when completed.

We continue to get feedback that the Bristol Bay Assessment is a high priority for Region 10, OW, and the Agency. Thanks for your willingness to participate in the challenging and important effort.

Jeff
